Subject: RE: request for copy of engineering report submitted to MTO

Angela,

I can confirm there was only one staff report. MTO did not receive the report prior to the meeting so that is why it was email after the meeting.

Regards,
Tracy Cannon, Dipl.M.A.
Township of South Algonquin

Hi Tracy,
Thank you for this. I have seen the staff report.

At minute 28:06, Councillor Collins invited the Works Superintendent to speak, and when he was done, mentioned that he had been involved in a lot of bridge construction in a previous role and that council

values his opinions. At minute 29:25 in the recording, I can't see who was speaking but I think it may have been you, the speaker says, "I have the report that Steve provided and I can email that to Brent so he has it as well after the meeting."

Since we were watching the staff report on the screen when this second report was mentioned, it leaves me with the understanding that there is an additional report from the Works Superintendent that was not part of the council package and that was forwarded separately to the MTO.

May I have a copy of Steve's report on the bridge reconstruction, or confirmation that Steve's report and the staff report are the same document?

Thank you,
Angela

Hi Angela,
I have provided the link below to the Township website that includes the package with the MTO presentation and the link to the staff report, which I believe is what Councillor Collins referenced at the meeting.

Hello Mayor LaValley & Bryan,

I hope you had a nice holiday.

I'm writing regarding the township's engineering report Councillor Collins cited in the December 18 meeting with the MTO regarding bridge reconstruction in Madawaska. Can you send me a pdf copy to review?

Thank you,
Angela
